

Become part of something big

A special offer for SBC corporate members

We're creating an S&P like rating system for employee wellbeing risk and performance potential

Become part of a movement to uncover Sustainable Human Potential

We will build on our existing flow²thrive Index and develop a rating system for leaders, investors and the ESG community to use to get insights into to employee wellbeing risk and performance potential

Check our website for detailed information about how the flow²thrive Index can provide you with meaningful data on the wellbeing and performance potential of your employees

The Initiative in Short

What it involves

We will do most of the work, you will get a lot of data and insights but also provide us with specific feedback & input

1. Online diagnostic survey: baseline
2. Report outlining your results
3. Results meeting with your leadership team
4. Meeting to provide feedback on new Beta version
5. Follow-up diagnostic: impact (April - June '24)

What you will get

Spoiler alert - you'll get a lot of data and insights for your the money you will invest

1. Survey launched in your organisation
2. Report outlining results & high-level recommendations
3. Insights: risk factors, contributing habits, priority areas
4. If >8 SBC joiners, we will create a benchmark report
5. Template for team/organisation action planning
6. Follow-up report detailing progress

Investment
USD 2,000 (+ VAT)

Note: start before 31 Dec 2023, max 500 employees, one report
